Washington, D.C. 20510

Dear Chairs and Ranking Members:

Attached please find the U.S. Environmental Protection Agency's Fiscal Year 2022 Enacted Operating Plan as required by the *Consolidated Appropriations Act, 2022* (Public Law 117-103). The plan matches the levels included in the explanatory statement accompanying the appropriation. Included are two enclosures detailing funding allocations by program project and full-time equivalent targets the EPA has established for FY 2022.

We are working to develop the additional information requested in the explanatory statement, including funding detail for major offices, and we will provide it separately when it is available. Additionally, consistent with prior years, the agency's reprogramming to support the Small Business Innovation Research program will be delivered separately. A formal reprogramming request providing \$5 million to support critical work to implement the Toxic Substances Control Act is submitted under separate cover.

Please do not hesitate to contact me or Ed Walsh, in my office at <u>walsh.ed@epa.gov</u> or (202) 564-4594 should you or your staff require any additional information on the EPA's operating plan or if you would like to set up a meeting to discuss.

Sincerely,

DAVID BLOOM Digitally signed by DAVID BLOOM Date: 2022.04.14 17:16:46
